CHECK BLAZE--The food store fire at Mokena Monday night was a stubborn one but so were the firemen and the firemen finally halted the flames. This was one of the men pouring water into the face of the advancing flames. Other firemen were on top of the roof playing water directly on the fire while some had shoved hose nozzles thru holes to halt advance of the fire below. (Graphic Newspaper photos)

Katschke, Pickle Plead Innocent To Indictments

(CNS) Monday, Feb. 10, was set as the next hearing by U.S. District Judge Hubert L. Will last week for the \$1,012,471.43 misapplication of funds indictment against Kenneth H. Katschke, 42, of 9200 South Francisco, Evergreen Park, and Paul E. Pickle, 41, of 148 Kedzie, Posen, in connection with the closing of the Tinley Park Savings and Loan Association.

Not guilty pleas were entered by both Katschke and Pickle to the indictment of seven counts returned a week before, Attorney Burton H. Young, who with James F. Ashenden, Jr., represented Katschke, asked time to file motions attacking the indictment, as did Martin F. Brodtkin, representing Pickle.

Judge Will said he will dispose of the motions on the Feb. 10 date and set the case for trial on a date shortly thereafter, if the motions are denied.

Attorney Bieber asked permission for his client to leave the court's jurisdiction, the Northern District of Illinois, in order to carry on his present business as a building materials salesman in surrounding states. Judge Will told him to file a formal petition.

Pickle obtained a reduction of his bond to \$2,500 from the \$10,000 asked by the government. In objecting to this request, Assistant U.S. Attorney Robert S. Atkins said Pickle had received "several hundred thousand dollars as commissions" as president of the Central States Mortgage company in handling Tinley Park S. and L. loans.

Judge Will warned Pickle he would face a new criminal charge of bond forfeiture if he did not appear for all court hearings.

Alma Brown, Operator Of Catering Service, Dies

Funeral services were held Tuesday, Dec. 17, for Mrs. Alma Brown, of the Mokena-Marley area, who died suddenly last Saturday night, Dec. 14, apparently of a heart attack.

The services were held from the Schmaedeke funeral home at Orland Park to St. John's church of Mokena at 3 o'clock, with the Rev. Theodore Wimmeler officiating. Burial was in Maplewood cemetery, New Lenox.

Mrs. Brown, who operated a catering service in the Mokena-Joliet area for many years, had complained of not feeling well last week but by the weekend she appeared to be recovered and Saturday had gone to the home of a daughter, Virginia, Mrs. Richard Erickson, at Mokena, to help her make Christmas cookies.

Mrs. Erickson was taking her mother home Saturday evening and the two had been talking.

Frank Marti Dies: Funeral Rites Today

Frank Marti, 82 years old, of Frankfort, died Monday Dec. 16, at his home, following a long illness.

He was a life resident of the area and farmed for many years. After his retirement he and his wife moved to Frankfort where they resided on Kansas st.

Besides his wife, the former Frieda Weitendorf, Mr. Marti is survived by a brother, Arthur, of Frankfort, and two sisters, Lottie, Mrs. Arthur Geuther, of Frankfort, and Mrs. Emma Cappel, of Mokena.

Removal was to the Hirsch Memorial chapel at Tinley Park. Funeral services are to be held this afternoon (Dec. 19) at 2 o'clock from St. Peter's church, Frankfort, with the Rev. La Vern Smith officiating. Interment will be in Pleasant Hill cemetery.

Knights Drop Close Game

BY GREGORY FANT
Lincoln-Way lost another very close basketball game last Friday night as they were beaten on their home court by Evergreen Park. The final score was Evergreen 51, Lincoln-Way, 50.

The Knights trailed almost the whole game. They led at the end of the first period by a score of 12-10, but Evergreen took a lead of 27-23 at halftime. The Knights trailed 36-34 at the end of three periods and lost by the score of 51-50. The Knights had the lead briefly as Tom Hamilton scored with 1:23 left in the game to make the score 50-49, Lincoln-Way. But Doug McCaleb scored for Evergreen Park with 1:06 left and after a ball handling error by Lincoln-Way, Evergreen stalled and won.

High scorer in the game was McCaleb who had five baskets and four free throws for 14 total points. He was trailed closely by his team-mate Jim Booth who had four baskets and five free throws for a total of 13 points. George Jorgenson paced the Knight scorers with five baskets and two free throws for a total of 12 points. The Mustangs bottled up Howard Grimes as he scored nine points on three baskets and three free throws.

The Frosh-Soph Knights scored a thrilling victory over the Mustangs by the score of 43-41. The Knights were paced by two freshmen, Tom Hartnell and Bill Stanfill who together tallied for 15 baskets, Hartnell scoring 11 of them. This was the first victory of the season for the sophomore Knights as they now hold a 1-2 over-all record and a conference record of 1-1.

The varsity Knights take their 0-5 over-all record and 0-2 conference record into two games this week. On Tuesday night, they faced off against the Indians from Plainfield on the Plainfield's court. Then on Friday night, (Dec. 20) they play the Oak Lawn Spartans at Oak Lawn.

Score by quarters:

Lincoln-Way, Sandburg Win \$3,000 3M Grants

Lincoln-Way high school, of New Lenox and Carl Sandburg high of Orland were selected as one of 500 national winners of the \$1.5 million 3M Assistance Grant of Education program, sponsored by Minnesota Mining and Manufacturing Company.

As two of three national winners chosen from the area, Lincoln-Way and Sandburg will receive \$3,000 worth of visual

communication equipment consisting of two transparency makers, eleven overhead projectors, and transparency film and copy paper for use in the classroom. A special teacher training workshop in the operation of visual communications system will also be held for schools receiving the grants.

During award ceremonies at Supt. A. Hunter Chapman of

Lincoln-Way and G. H. Davidson, principal of Sandburg high accepted plaques honoring their schools. Equipment grants will be made early in 1964, to become permanent property of the winning school.

Purpose of the AGE program is to encourage creative teaching, and schools taking part in the program submitted proposals on how each would use \$3,000 worth of visual com-

munication equipment. All public, private, and parochial schools on all levels are eligible.

In the Illiana district, seven schools were selected as semi-finalists by a selection committee of leading educators and businessmen including Rev. George B. Kashmer, assistant superintendent of schools, Gary Diocese; Brother Louis De LaSalle, president, Lewis College

Lockport; Dr. Otto Paul Kretzmann, president, Valparaiso University, Valparaiso, Ind.; George Abraham, teacher, Lincoln-Way community high school, New Lenox; and Robert W. Carolin, executive producer, WTTW educational television station, Chicago.

The three final winners in this area were chosen by a national selection committee. The other winning school is St. Francis academy, Joliet.

Fire Sweeps Mokena Store: Estimate Loss At \$175,000

Fire swept the Park and Shop food store on Wolf road at Mokena Monday night, destroying part of the building and its contents. The damage was estimated at around \$175,000.

Firemen from surrounding communities fought the blaze for several hours in near-zero temperatures.

William Sheridan, 21, a stock clerk, who discovered the fire at the rear of the store and attempted to battle it with fire extinguisher, suffered first and second degree burns to his right hand and arm. He was taken to Silver Cross hospital, at Joliet, treated, and released.

Sheridan, James Gorman, 17, a stock boy, Mrs. Robert Homering, a cashier, all of Mokena and three customers were in the store when the fire was discovered at 8 o'clock.

The customers and the other occupants of the store left hurriedly when it became evident the blaze was spreading. Mokena fire department was called and on arrival at the scene firemen put in a call for aid from surrounding communities. Within a short time apparatus and crews were there from Frankfort, New Lenox, Orland Park, Homer, Northwest Homer, Tinley Park and East Joliet.

The store is owned and operated by Ralph and Abraham Ordman, who also have stores at Lemont and Downers Grove. Sheridan told Abraham Ordman that he was at the back of the store when he saw fire in a screened portion of the outside of the building where empty pop bottles are stacked. The blaze seemed to be in the bottle cases and the wooden framework. It was possible, he said, that some burning material carried from the incinerator chimney, ignited the roof and worked down into the screened portion and at the same time ate into the roof and down into the store.

By 8:30 flames were shooting 10 and 15 feet in the air as the roof at the rear of the building caught and it was only by concentrating several nozzle

crews at the sides and rear that the fire was checked. There was plenty of blaze working thru the stock and firemen were quenching it by pouring in water thru holes in the roof.

By 9 o'clock, however, the fire was under control and the crews from the surrounding towns had left for home by 11:00. Chief Robert Rust of the Mokena department kept a crew on watch thru the night to make certain that the fire did not start up again.

Scores of persons were attracted to the scene. Wolf road was closed to traffic in the vicinity of the fire because of the many hose lines and the fact that ways had to be kept open

for the movement of fire trucks.

In estimating the loss the inventory was given as at least \$50,000 and the fixtures were also valued at that amount. The building cost \$75,000 and at press time it was not known how much of it could be salvaged.

There was a fire at the same location in September, 1956, when the store was known as the Shopping Bag and was owned by Ralph Thorsen. The contents and some of the building were destroyed on that occasion.

Coffee was served to the firemen Monday night by the VFW post. The VFW club rooms are next door to the Park and Shop.

Mokena School Board Fixes Boundary Lines

Beginning next school year Wolf road will serve as the general boundary line to divide the Mokena school district into east and west sections, but it will be a flexible boundary.

Pupils living west of Wolf road will attend classes thru the sixth grade at Willowcrest school while those east will go to Carpenter Street school. However, it is decided, class size will be the most important factor in assigning pupils at either school.

Educators seek to hold class enrollments around 30. Thus if there should be a fourth grade class at Carpenter with 40 pupils and a fourth grade class at Willowcrest with 20 a transfer could be made under the new system to balance the number.

The system also calls for a junior high in the new addition at Willowcrest school. Seventh and eighth grade pupils will attend classes there, regardless of where they reside in the district.

Final agreement has been reached on the division of assets of the Marley and Weitendorf school districts, in both of which the Mokena district has a share.

It was finally determined that the value of the Marley property was \$22,000. Of this sum Mokena will receive 19.65%, or \$4,323. The remainder goes to the New Lenox district.

The Weitendorf school site, as was related previously, sold for \$1,100 at a public sale, and the school itself brought \$100. After \$260.55 for expense of sale and transfer of property was deducted there was \$939.45 left. Of this amount Mokena received 29.55% or \$277.61, and Frankfort school district received 70.45% or \$661.04.

Work on the new addition to Willowcrest school was reported progressing satisfactorily. The roof will be on soon and the building completely enclosed. The contractor expects to have the classroom wing ready by the end of January and the multipurpose room and office area should be completed in February, the board was informed.

The board awarded a contract to the Mokena Oil Co., to supply the schools with fuel oil for the 1963-64 heating season at 11.9 cents per gallon for No. 2 oil. This is the best price the board

has had, it was stated.

The board also approved purchase of a trampoline that had been in use at the Lockport Kelvin Grove-Central school district for \$175.

The next meeting of the board will be held at 7:30 p.m. Dec. 30 at Willowcrest school. The regular January meeting was changed from Tuesday, Jan. 14, to Monday, Jan. 13 to permit board members to attend a dinner meeting of the grade school boards of the Lincoln-Way high school district that Tuesday evening.

Car Skids On Ice, Overturns

Ice and packed snow were blamed for an accident at Gougar and Francis roads about 3:15 o'clock last Thursday afternoon.

A car, driven by Mrs. Emma Cryder, 1025 Sterling ave., Joliet, skidded off the road and overturned in a ditch. She suffered minor injuries, as did her passengers, Oscar Olson, 66, and his wife, Edith, 61, of 118 N. May st., Joliet. Mrs. Olson is Mrs. Cryder's sister.

They were treated at Silver Cross hospital and released. Francis road is treacherous.

RECEIVES 3M Award--Lincoln-Way high school was one of 500 national winners of \$3,000 of visual aid equipment from the 3M Company of Minneapolis. A plaque commemorating the event was presented at a luncheon in Chicago last week to Lincoln-Way Superintendent A. Hunter Chapman by Robert Tucker, vice president and secretary of 3M Company. At the far left in the picture is James McDonald, branch manager, Thermo-Fax Sales, Inc., and at the far right is George Abraham, Lincoln-Way teacher and a member of the local selection committee which screened proposals before semi-finalist selections were forwarded to the national selection committee.

Says Leasing Toll Road Would Free FAI 80 Jam

A probable early solution to the problem of completing the "missing link" of Highway FAI-80 between Joliet and Hazel Crest is foreseen after the first of the year.

There has been a long drawn controversy relative to the use of a segment of the Illinois tollway, a five mile stretch between Hazel Crest and Kington Expressway. The solution suggested is that the segment be leased by the Illinois department of highways.

The toll road commission has demanded that users of the highway pay toll for the use of this section. The federal government, which is putting up 90 per cent of the money for this and other defense highways has refused to countenance such deal, taking the stand that it is up to the state department of public works and buildings, which is now headed by Francis S. Lorenz, and the toll road commission, now headed by Donald R. Bonniwell, should arrive at an agreement.

The federal highway administrator, Rex M. Whitton, who a few weeks ago talked with Lorenz and officials of

several communities in southwest Cook and eastern Will counties at Washington, has suggested the possible solution, Lorenz said.

"His suggestion was that we lease the section in question from the Toll Road Commission," Mr. Lorenz was quoted as saying. "In turn we would be allowed to use federal funds to improve the road, while the commission would be allowed to build an oasis."

Such a proposal, it was pointed out, raises a number of legal questions which those involved hope will be answered shortly after the first of the year.

The U.S. bureau of roads is reported to have \$14-million on hand now to apply on construction of the link between Hazel Crest and Joliet.

Congress has indicated it is not interested in any proposals to buy this segment of tollway or any other toll road. It is pointed out that the lease proposal is a practical one since the highway department and the toll commission are both a part of Illinois.

It has been stressed repeatedly that Illinois is in urgent need

of an east and west highway, such as FAI-80 would be, because U.S. 30 which now is supposed to carry such traffic is woefully inadequate.

Maurice Angland, of Mokena, where he is a member of the planning commission, and is executive secretary of the Special Area Traffic committee of Chicago Heights, emphasizes that completion of the link between Hazel Crest and Joliet is "vital to the economic life and the defense of the nation."

Angland has devoted considerable energy for the past several years in pushing for the building of FAI-80. He recently prepared a map that reveals the overall use of this highway in linking the east coast

to the west coast.

In the region from the east coast to the western boundary of Illinois and extending north into the lake states and parts of Canada are located plants that produce 70% of the manufactured products of the U.S. and 80% of the Canadian.

There is a vast steel producing complex along the lake front that now produces as much steel as does Western Germany and the production will be increased further when the plants destined for the dunes area are built.

Holding up work on FAI-80, it was said, is a block to the transportation system designed to aid the defense effort.

No Report Yet On Cause Of Roy LePetries Death

Roy Lepetrie, 20, of Orland township is dead but the cause of death had not come back to Cook county police from the coroner's office as of Tuesday this week.

Lepetrie was found unconscious in his car on Wednesday morning, Dec. 11. He died that night at 8:25 o'clock in Oak Forest hospital without having regained consciousness.

There were some abrasions on his face, according to police but in the absence of a report on postmortem findings they couldn't say whether a beating may have contributed to his death.

It is possible it is said, that Lepetrie's death may have been

due to exposure and malnutrition. He had been sleeping in his car for a couple of weeks, neighbors said, occasionally running the engine to run the heater to warm himself. It was also possible, it was said, that he may have been overcome by exhaust fume seeping up into the car.

The young man had his car parked back of where the Lepetrie home had stood at 113th ave. and 158th st. He had been living in the home until it burned several weeks ago. One of his cars also was found burned in the woods nearby before the house fire.

Funeral services were held for him at Chicago last Saturday.

Pupils Find Many Uses For Multi Purpose Room

Orland Center School's multi-colored, multi-purpose room has been in full use since Monday, Dec. 8. The combination lunchroom, gymnasium, and meeting room is painted a variety of pastel colors. The room is very pleasing with its colored lunch tables that fold into the wall when not in use.

The benches and tables seat approximately 200 students very comfortably. The hot lunch program, plus the new room, has made lunchtime a happy experience. The size of the room provides ample space for students carrying lunch trays. The center aisle is approximately

18 feet wide, which provides access to the 14 lunch tables, that each measure 13 feet long.

This same room also houses physical education classes. The entire student body has the opportunity to develop the mind and body since the construction of the all-purpose room it was pointed out. Some of the fifth and sixth grade boys are meeting twice a week after school, in this same room, to learn the fundamentals of basketball.

The room, with its built-in public address system, is ample in size to accommodate a meeting of some 400 to 500 people. The public, students and parents, who have visited the newly completed room agree with school officials that they are very pleased with the room, a board spokesman said.

Family Burned Out, In Need Of Residence

A fire of undetermined origin broke out in the home of Mr. and Mrs. Robert Stoll, New Lenox, Friday, Dec. 13 at approximately 1 p.m. Mrs. Stoll saw smoke seeping under the closed door of the boys bedroom, and when she opened the door, the room was engulfed in flames.

The Frankfort fire department was called and the Stolls are very grateful for the excellent job performed in putting out the fire which completely gutted the one bedroom, destroyed furniture and all the children's clothes.

The Stoll's are now looking for temporary housing in the Frankfort - Mokena area, so their children can continue their studies at the Frankfort grade school.

Woman Banker Gets Promotion At Frankfort

Mrs. Charles McManimen, who has been on the staff of the Frankfort State Bank since 1944 has been promoted to the post of assistant cashier, it was announced by Charles Wetzeler, cashier.

The annual stockholders meeting of the bank is to be held in the Methodist church fellowship hall on Jan. 14. The meeting is to begin at 10 a.m.

Lunch is to be served at the church by the Methodist Womens organization.

September Sales Tax Due Municipalities Announced

Sales tax credited to municipalities on September's business has been announced by the state treasurer's office. The state collects the money for the cities and counties when it picks up its own and before passing it along skims off four per cent for its trouble.

Retailers frequently complain that they are the ones that have to fill out the forms and do all the work in this business concerning sales taxes so that when the state takes four per cent for handling the collection of the sales tax for municipalities it is said to have a very good thing going.

The state is taking steps to halt cheating on sales tax returns and the more success it has in this field the better off financially the state and the municipalities will be, it was pointed out.

Bob Spreitzer To Seek Reelection As Recorder

Recorder of Deeds for Will County, Robert L. Spreitzer has announced his candidacy for reelection to that office, subject to the Republican primary on April 14.

Mr. Spreitzer made the following statement:

"The Recorder's office is a fee office and as such all clerk hire, recorder's salary and general office expenses are paid from fees earned. As of Dec. 1, 1963, the recorder's office has returned to Will county in

excess earnings the sum of \$450,976.37. This represents far in excess all the earnings returned by the office in all the years preceding my administration. Competent and efficient operation of the office have helped in no small measure to assure these record earnings.

"Innovations in recording procedure have been made, to expedite the recording process, increase service to the public and maintain efficiency of office operation. Chief among these was the introduction of microfilm. A security copy of all records of the office are now stored some 300 feet underground in Pittsburg, Pa.

"I have sincerely tried to serve all the people in such manner as to reflect credit on the recorder's office, as well as the party which I represent."

Born in Joliet, Mr. Spreitzer attended elementary schools there, and received his college degree in 1934. He has been active in Community Chest and Red Cross campaigns. In 1950 he served as president of the State Recorder's Association. For four years he was a Republican precinct committeeman. He has served in an official capacity in both the Joliet Rivals Little League and the Joliet Pony League. He holds membership in the Old Timers Baseball Association, John Ericksen Republican club, Moran A. C., Elks club, the National Association of County Officials, and the Illinois Records Association.

He is married to the former Lorene Linskey of Braidwood, and resides with his wife and five children at 939 N. Prairie ave. in Joliet. At present, two sons are in the armed services, a daughter teaches at St. Joseph's school in Lockport, a son is in attendance at Northern Illinois University, and a son is at St. Raymond's school.

The Children's Christmas party sponsored by the Arbury Hills Civic Association will be held this Saturday afternoon, Dec. 21, from 2:00 until 4 p.m. This party is for all Arbury Hills children from eight grade down. It will be held in the all-purpose room at the school.

There will be a half-hour color cartoon with sound shown beginning at 2:15 p.m. The use of the sound projector is through the courtesy of Don Witt who will also operate the projector for the showing.

If you have not been contacted to donate cookies, and are willing, please contact Dan Markowski at 479-5041 or Phyllis Prather at 479-3451 or Marie Hovi at 479-5740. The cookies are to be delivered to any of the three homes either tomorrow night, Dec. 20 or before noon Saturday, for the party.

The Summit Hill Parent-Teacher Group held their Christmas program at the school Thursday evening, Dec. 12.

The program was under the direction of the fifth grade teacher, Mrs. Gilbert, using the upper grade children. There were running scenes in pantomime with the Christmas theme. Children choirs provided the singing and a narrator explained the action. A large turnout was in evidence with almost a full house present.

In connection with this program at the school this writer has received a letter of appreciation from John F. Smith, president of the Summit Hill Parent-Teacher group.

Friday afternoon, Dec. 20, the primary grades, fourth thru kindergarten, are going to present a Christmas program for mothers, in the all-purpose room.

The program is "Christmas in Many Lands." It will be presented thru songs by the children in simple costume.

duties of best man. Ushers were Larry Nice, brother of the bride and Colin Conner. Ring bearer was Michael Nice, nephew of the bride.

For her daughter's marriage, Mrs. Nice selected an ensemble of royal blue clipped velvet with hat to match and navy accessories. She wore a white cymbidium orchid. Mrs. Brown, mother of the bridegroom, chose a bronzed green dress, bugle beaded, with hat to match and bronze accessories. She wore a white cymbidium orchid.

Dinner was served to about 150 guests by the Ladies auxiliary at 2 p.m. at the VFW hall, Mokena. Mrs. Hershel Patterson served the wedding cake and Esme Bell served punch.

Their honeymoon was spent in Florida and they are now residing at West Circle drive, Lincolnwood until their new home is completed in New Lenox.

The bridegroom is employed by Daves Chemical Co., Joliet.

Sandburg's Sharpe Gets Fielding H. Yost Award

Ernie Sharpe, Carl Sandburg's all-state fullback, has been named recipient of the 1963 Fielding H. Yost Memorial Award, according to J. Laurence Barasa, chairman of the awards committee. Sponsored by the University of Michigan Club of Chicago, the award is given each year to Chicagoland's outstanding scholar-athlete.

Sharpe is the son of Mr. and Mrs. Stanley Sharpe of 12101 S. Richard in Palos Heights. Sharpe's high school career has been outstanding. He began playing varsity football at Carl Sandburg as a sophomore, when he captured the scoring crown in the Southwest Suburban Conference. Each year since then he has held that title.

In three years of high school football, Sharpe has piled up 2,652 yards rushing and scored a total of 305 points. He is a real threat on the field, for in addition to carrying the ball, he kicked off, passed, and put booted three field goals.

This past season, he was named to every all-state team announced, including the Daily News and the Champaign-News Gazette. He was the runner-up for the Daily News captain. Sharpe excels not only on the football field, but has earned himself a starting spot with the varsity basketball team. In the classroom, he has fulfilled the same promise he has shown in

athletics, currently holding a place in the upper five percent of the senior class. The Fielding H. Yost Memorial Award is given to "the most outstanding senior football player from the Chicago area from a public high school who possesses scholastic excellence." The awards are made in tribute to Yost, Michigan's great coach who not only desired outstanding ability on the field but also

Tell PTA How Christmas Is Celebrated

The Orland Park Parent-Teacher Association held its monthly meeting December 4th at 8 p.m. in the school lunchroom with 75 in attendance.

The president, Mrs. Kenneth DeRoss, opened the meeting with the pledge to the flag and the PTA prayer. Highlights of the business meeting were the proposed amendments to the by-laws presented by the by-law chairman, Mrs. Betty Zimmerman. They are to be voted on at the January meeting with a new set to be issued in February. Room count award went to Miss Mary Ginder, second grade teacher.

The meeting was then turned over to program chairman, Mrs. Ruth Hegyi, who in turn introduced the Orland Park School principal, Robert Cullen. Mr. Cullen described the Iowa basic skills test as well as testing children in general.

Mrs. Hegyi, then introduced the two foreign speakers from International House in Chicago, Bertha Khoshaba from Iraq and Lorrissa Pohorecky from the Ukraine. Each spoke in detail about Christmas in their lands. In both areas Christmas is still celebrated spiritually and has not become commercialized in any way, they said. Christmas, they explained, is strictly a family gathering celebrating the birth of Christ.

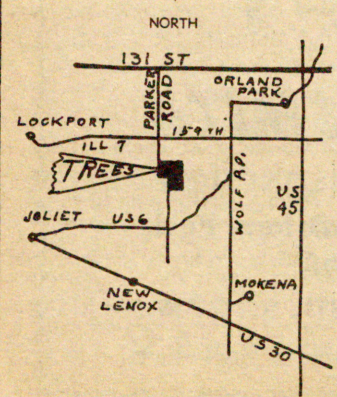

Many questions were asked especially about the different foods they prepare.

The surprise of the evening was the presentation of three fruitcakes. Mrs. Jean Metzler, Mrs. Lois Granat, and Mrs. Marian Plakovic were the recipients.

Mrs. Tracy Buck, hospitality chairman and her committee had charge of the table decorations. "Silver Bells" was the theme. Third grade room mothers also followed this theme and served homemade cakes during the social hour.

A light yellow or beige colored, 5-year-old tomcat named Sandy, the property of Kimberly Averill, 10, of 10214 Huntington court, has been missing since Dec. 10 and his young mistress is grieving. Her mother, Mrs. Robert Averill says the child awakens frequently during the nights to ask if Sandy has come home. This is the first time, Mrs. Averill said, that Sandy has stayed away. She hopes, for Kimberly's sake, that someone took sandy in. If that is the case, the Averills hope he will be turned out so he can come home. They are offering a reward.

and November and the warmest October on record.

The balmy fall weather will save NI-Gas' 585,000 heating customers a total of about \$5.5 million in the three months. The season was about 32 percent warmer than last season and 34 percent milder than normal. October temperatures were 66% warmer than normal -- the warmest since weather records began in 1871. The three-month period also was one of the warmest in weather bureau records.

You still may need red flannels and ear muffs for the rest of the winter, tho, caution NI-Gas experts who watch weather statistics carefully. Last winter started out warmer than normal, but ended up much colder than usual, after frigid December, January and February temperatures that averaged 29% colder than normal.

Just in case there should be a day this winter that averages 15 degrees below zero for 24 hours as there was last January, NI-Gas will have no difficulty in meeting the needs of its customers. During one day like this, the company can distribute more than 1.4 billion cubic feet of natural gas thru dependable underground pipelines. To deliver this volume of gas another way would take a string of more than a million railroad tank cars stretched across the continent, coast to coast, 2 1/2 times.

High Life
Recent balloon tests have re-
vealed that a family of bac-
teria already well-known on the
ground also lives 10 miles up
in the air, a U.S. scientist re-
ports. Now the question is:
Where does it go for lunch?

Scouts Of Pokagon Trails Council Attend National Scout Jamboree

At a recent meeting at
the American Legion hall in
Hazel Crest, important infor-
mation concerning the sixth

National Scout Jamboree, to be
held next July at historic Valley
Forge, Penn., was presented to

the scouts who have been dele-
gated to attend as the contin-
gent from Pokagon Trails Coun-
cil and to their parents.

A total of 111 scouts from the
Council will camp at the Jam-
boree for one week along with
50,000 scouts from all parts of
the nation and some from
foreign countries, to experience
the adventure of a lifetime.

The program will include
field sports, conservation pro-
jects, outdoor religious ser-
vices, scoutcraft demonstra-
tions, campfires, and visits by
the most prominent Americans,
possibly including President
Johnson. In the ten days they
will also visit Washington D.C.
and the National Headquarters
Museum of the Boy Scouts of
America at New Brunswick,
N.J.

An expedition of this nature
requires extensive prior plan-
ning and this has been under

way for the past six months by
the Jamboree committee.

Applications to completely
fill the Council's quota of 111
scouts have already been
accepted and there is a standby
waiting list. These boys will
be divided into three provisional
Jamboree troops of 37 with each
troop under the leadership of a
Jamboree scoutmaster.

The first duty of these unit
leaders will be to select from
among the boys assigned to their
troops, scouts to serve as junior
leaders. Each troop will have
two junior assistant scout-
masters, a senior patrol leader,
quartermaster, scribe, four
patrol leaders, and four assist-
ant patrol leaders.

Prior to the Jamboree there
will be several training exer-
cises, including an encampment
of the entire contingent next
June at a central location within
the Council's area.

TINLEY PARK 532 4369

Members of the Extension
Staff take this opportunity to
wish all the fine people in Cook
County a Merry Christmas and
a Happy New Year. It has
been our pleasure to work
closely with many of you during
the past year, and we look for-
ward to a similar association in
1964.

Congratulations to the 4-H
Federations! In the true spirit
of the Christmas season and as
a part of their annual Christmas
party, the members brought
gifts which will be delivered to
the children's ward at Cook
County Hospital.

Several programs of interest
to farmers will be coming up
shortly after the first of the
year. The annual vegetable
growers schools will be held
beginning in northern Cook
County on Jan. 8 from 9 a.m.
to 4 p.m. at the Cook County
Truck Gardeners and Farmers
Association office, 2120 East
Northwest Highway, Arlington
Heights; and on Jan. 10
in southern Cook County at the
Thornton Township hall in South
Holland from 9 a.m. to 4 p.m.

This year, for the first time,
we are offering schools which
will go into considerable detail
in two important areas of pro-
duction technology. One will
deal with vegetable diseases and
will be held from 1 to 4 p.m.
on Jan. 17, 24 and 31 at the
Thornton Village hall. The
other, a soil and soil fertility
school, will be held Wednesday,
Feb. 5 from 9 a.m. to 7 p.m.
at the YMCA in LaGrange. Both
of these schools are open to
those who enroll. Enrollment
forms have been sent. If you
have not received an enrollment
form and would like to sit in
on one or both of these courses,
please contact your nearest Ex-
tension office.

Several additional programs
for farmers have been planned
for this winter. More details
will be furnished as the time
draws near. Two programs
which I think will be beneficial
to many farmers are an
Agronomy Day and a program
devoted to understanding leases
and leasing arrangements and
estate planning and transfer of
estates. Watch this column for
further information about these
two programs.

Poultry producers and
hatcherymen of southern Cook
County and surrounding areas
will meet for the first of a
six-session workshop on pro-
duction and marketing at the
Farm Bureau Auditorium, 290
N. Schuyler, Kankakee, on
Thursday, Jan. 30. Successive
workshop sessions will be held
on the following five Thursdays.
The final session is set for
March 5.

Registration cards should be
sent to William F. Whiteside,
6657 South St., Tinley Park,
by Jan. 15. The registration
fee for either individuals or
families is not to be paid until
the first session.

Two topics will be discussed
at the first session: the egg
business in Illinois and control
of parasites. Other topics for
workshop sessions include
poultry physiology and lighting
programs, cost accounting in the
egg business, poultry housing
and ventilation, control and pre-
vention of diseases, and poultry
and egg marketing.

Staff members are all from
the University of Illinois. They
include J. O. Alberts, professor
of veterinary pathology and
hygiene; R. P. Bentz, assistant
professor of egg and poultry
marketing extension; H. S.
Johnson, assistant professor of
poultry extension; Stevenson
Moore III, associate professor of
entomology extension; A. J.
Muehling, assistant professor of
agricultural engineering ex-
tension; and S.F. Riddien,
associate professor of poultry
extension.

Many poultrymen over the
state have been asking for this
type of informational workshop
program. Interested poultry-
men are urged to contact their
county farm adviser for full
information and an advance re-
gistration card.

"Dairy Weigh Day - 1964"
That's the title given to a state-
wide effort to obtain production
records on every dairy cow in
Illinois on Wednesday, Jan. 15,
1964. The program, conducted
by the University of Illinois
Cooperative Extension Service

and farm advisers throughout
the state, is aimed at 35,000
dairy herds in Illinois containing
nearly 460,000 cows that are not
now enrolled in a dairy record-
keeping plan.

"If each of the 35,000 herd
owners who do not keep records,
could spot only one non-profit
cow producing 5,000 pounds of
milk and remove her from the
herd before spring, we could
subtract 175 million pounds of
surplus milk from the Illinois
market by next summer," ex-
plains U of I dairy specialist
Jerry Cash. Cash says most
Illinois dairymen are working
under the handicap of lack of
information about cows in their
herds. Only 2,200 herds with
80,000 of the 539,000 cows in
Illinois are enrolled in any
record-keeping plan. This
leaves 459,000 cows on 35,000
farms "lost in the dark" with-
out production records. Two
most common reasons Illinois
dairymen give for not keeping
records are that (1) records
cost too much and (2) they
feel that records take too much
time. The Dairy Weigh-Day
program is designed to
eliminate both of these
objections. In fact, the program
won't cost cooperating dairymen
a penny, and it takes only a few
minutes for each cow. Here's
how the program will work:

Every dairyman not now en-
rolled in a record-keeping plan
will weigh the milk produced
by each cow in his herd
on Jan. 15, 1964. He will
record these weights, along with
the month of calving for each
cow, on a Dairy Weigh-Day
Sheet he will have received in
the mail around Jan. 1. The
dairyman will then mail the form
to his county farm adviser.
The adviser will forward the
sheets to the U of I Dairy
Science Extension Office where
dairy specialists will calculate
an estimated 10-month milk re-
cord for each cow in the herd.
The sheets will be returned to
the adviser's office and the
adviser will forward them to
the dairyman along with infor-
mation to help him
interpret results of the pro-
gram.

Dairy specialists point out
that the mountain of records
processed in past years has
enabled dairy scientists to
develop a method for esti-
mating total lactation pro-
duction from the amount of milk
a cow gives during one day
of her lactation. The method
is accurate enough to spot cows
in a herd that are not making
a profit for their owners and,
in fact, are hurting the entire
industry by contributing to the
dairy surplus. A host of Illinois
agricultural agencies are join-
ing U of I specialists in this
campaign to eliminate "profit-
taking" cows from the Illinois
dairy scene.

Dairymen throughout the state
will be receiving further infor-
mation about the program
through the mail. They will
also receive the page forms
needed to record production
from each cow in their herds
for one day. The program
is designed to benefit not only
the dairyman who cooperates
but also the total dairy industry
in Illinois.

Budget Is Not High, Says Simon, If You Subtract

(CNS) Altho 10.6 per cent higher than this year's and a new record high itself, the 1964 tentative county budget of \$89,164,416.09 is actually only an increase of \$84,000 in spending - if certain "must" items are eliminated, President Seymour Simon told the county board Friday as the document was presented.

A public hearing on the tentative budget, which is nearly \$3,000,000 below department estimates earlier, was set for Dec. 27 at 10 a.m., with adoption to follow.

The "must" items, Simon said, were in the fields of biennial election costs, court consolidation, the public defender's office, and the county's welfare activities.

"This analysis, I believe, justifies the conclusion that the increase in the budget is something which could not be avoided," he declared. "Particularly is this true when we realize that the medical, welfare, and Family Court and Audy Home activities of the county budget represent over \$44 million, or 49 pct. of the total budget."

As an important "plus" factor he pointed out that the property tax will still be the 26 cents per \$100 of assessed valuation which is the legal maximum for election years, as the result of economies, mergers, and increased income from non-tax sources.

Economies include \$160,000 less for the county assessor, \$36,000 for the treasurer, \$14,000 for the board of appeals, \$16,000 county auditor, \$25,000 department of central services. Mergers will save \$32,000 for the building and zoning department.

New revenues include higher payments for patients at County hospital, \$500,000 more for court filing fees, \$200,000 from marriage license fees.

Of the "must" items, \$5,500,000 is for elections, growing because of increased suburban population. Costs of the new court system, including jurors, are up \$633,000.

The public defender's budget has been raised \$73,000 because of recent decisions by high courts that lawyers must be provided for appeal as well as trials.

"The \$442,000 increase for the family court will bring about changes in line with the recommendations of the citizens' committee, but is only a beginning," said President Simon.

"The Audy Home budget has been raised \$92,000 and we have provided a budget of \$109,000 to operate Herrick house, an activity which for the first time will provide a shelter for neglected and dependent children separate from shelter for juvenile delinquents."
